### **TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1997**

If the applicant is aggrieved by the decision to refuse permission for or approval required by a condition in respect of the proposed development, or to grant permission or approval subject to conditions, the applicant may require the planning authority to review the case under section 43A of the Town and Country Planning (Scotland) Act 1997 within three months from the date of this notice. The notice of review should be addressed to The Clerk, The Moray Council Local Review Body, Legal and Committee Services, Council Offices, High Street, Elgin IV30 1BX. This form is also available and can be submitted online or downloaded from [www.eplanning.scotland.gov.uk](http://www.eplanning.scotland.gov.uk)

If permission to develop land is refused or granted subject to conditions and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, the owner of the land may serve on the planning authority a purchase notice requiring the purchase of the owner of the land's interest in the land in accordance with Part 5 of the Town and Country Planning (Scotland) Act 1997.

### **NOTIFICATION OF INITIATION OF DEVELOPMENT**

S.27A of the 1997 Act requires any person who has been granted planning permission (including planning permission in principle) and intends to start development must, as soon as practicable after deciding the date they will start work on the development, give notice to the planning authority of that date. This ensures that the planning authority is aware that the development is underway and can follow up on any suspensive conditions attached to the permission.

Therefore, prior to any work commencing on site, the applicant/developer must complete and submit to the Moray Council, as planning authority, the attached Notification of Initiation of Development. Failure to submit the required Notice will be a breach of planning control under S.123(1) of the 1997 Act.

### **NOTIFICATION OF COMPLETION OF DEVELOPMENT**

S.27B of the 1997 Act requires any person who completes a development for which planning permission (including planning permission in principle) has been given must, as soon as practicable after doing so, give notice of completion to the planning authority. This will ensure that the planning authority is aware that the development is complete and can follow up any planning conditions.

Therefore, on completion of the development or as soon as practicable after doing so, the applicant/developer must complete and submit to the Moray Council, as planning authority the attached Notification of Completion of Development.

**Phased development** – Under S.27B(2) of the 1997 Act where permission is granted for phased development, the permission is subject to a condition (see Schedule of Conditions above) requiring the applicant/developer as soon as practicable after each phase to give notice of that completion to the planning authority. This will allow the planning authority to be aware that particular phase(s) of the development is/are complete. The non-compliance with this condition or failure to give notice may result in enforcement action being taken. When the last phase is completed the applicant/developer must also complete and submit a Notification of Completion of Development.
